

REMARKS/ARGUMENTS

The objections presented in the Advisory Action dated September, 2007 (hereinafter Advisory Action) have been considered. Claims 1-10, 13-31, and 33-52 remain pending in the application. Applicants thank the Examiner for the indication of conditional allowability of Claims 1-10, 13-17, 22-31, and 33-52 and the indication of allowability of Claims 18-21. Reconsideration of the pending claims and allowance of the application in view of the present Response is respectfully requested.

Claims 1, 3, 10, 15-17, 25-30, 40, 44, 46, 48, and 52 were objected to because of informalities. Applicants respectfully submit the present Response with amendment to address the indicated objections. Regarding Claims 1, 3, 10, 15-17, 25, 26, 30, 40, 44, 46, 48, and 52, the Applicants have amended these claims as suggested in the Advisory Action.

Regarding Claims 27-29, the Applicants have amended these claims as suggested in the Office Action, except that, instead of amending the claims to read “wherein the digital content is created via a mobile ~~terminal~~ communications device” as suggested in the Advisory Action, the phrase “wherein the digital content is created via a mobile terminal” has been removed from each claim. Applicants note that Claim 1, from which Claims 27-29 depend, already recites “creating digital content via a mobile communications device” and therefore the Applicants amendments do not affect the scope of Claims 27-29.

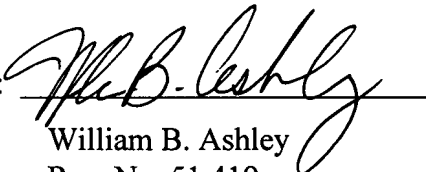

Applicants respectfully submit that the amendments presented in this Response now place pending Claims 1-10, 13-31, and 33-52 in condition for allowance. Authorization is given to charge Deposit Account No. 50-3581 (NOKM.067PA) any necessary fees for this filing. If the Examiner believes it necessary or helpful, the undersigned attorney of record invites the Examiner to contact the undersigned attorney to discuss any issues related to this case.

Respectfully submitted,
